Letty Robles

UI/UX Designer

Summary

UI designer with a background in sales and customer service within the construction industry. Experience in solving customers' problems, crafting customers' needs, and coordinating cross-functional teams to deliver solutions. Passionate about applying my creative process to UI design to deliver user-centered digital experiences.

UI/UX Projects

RoadRunner | Travel Application, Web and Mobile 2022

CareerFoundry Case Study

- Designed an application for travelers to discover, research, and plan trips through a web or mobile device using Adobe XD. Project: [RoadRunner](#)

Pet Patrol | Pet Sitting Application, iOS and Android 2022

CareerFoundry Case Study
